

The showing of the film "Stolen Honor: Wounds that Never Heal" is meant to persuade American voters against John Kerry. The intent of this film with the fact that the airing is not paid for by the Republican party constitutes a violation of campaign finance law as a free commercial. How much more obvious can corruption get? I urge you, John McCain, Jon Kyl, and Jim Kolbe to speak on the behalf of those who elected you to represent us. Stop the corruption and the deception. Stop the Sinclair Broadcasting Group from illegally contributing to the Bush/Cheney campaign!

Thank you for your time and consideration!
